## PROFESSIONAL EXPERIENCE

**Director of Compliance, Patriot Petroleum Solutions | Loveland, CO. Oct 21' - Oct 22'**

- Demonstrated ability to effectively manage compliance for a company of 50 people, coordinated service and emergency efforts with cross-functional teams.
- Supported relationships with regulators, oversaw documentation for 200+ facilities, and maintained correspondence with all employees.

**Oil Inspector, State of CO Oil & Public Safety | Grand Junction, CO. June 21' - Oct 21'**

- Demonstrated ability to thoroughly inspect petroleum storage tank systems according to State of Colorado OPS regulations, efficiently maintain inspection results and manage storage tank information using Salesforce.
- Effectively report to multiple governmental agencies and management hierarchies, promptly respond to emergencies, customer complaints, and perform randomized fuel sampling for analysis and quality control.

**Compliance Technician, Patriot Petroleum Solutions | Loveland, CO. Feb 21' - June 21'**

- Accurately produced and maintained documentation of testing for submission to the state and customers, provided detailed notes and thorough reports from monthly and annual inspections.
- Efficiently responded to emergencies, customer complaints, and performed necessary services in a timely manner. Maintained a high level of industry knowledge through upkeep of 15+ certifications for petroleum UST/AST regulations.

**Senior Technician, STTI | Grand Junction, CO. January 19' – February 21'**

- Demonstrated ability to effectively collect and provide data for monitoring and remediation reporting, worked autonomously and proactively to create innovative solutions while managing own schedule.
- Responded promptly to emergency releases of regulated substances, effectively managed multiple responsibilities as the A/B Operator for seven gas station locations, promptly reported compliance issues and coordinated with subcontractors for effective systems maintenance.

**EDUCATION**

Full Stack Certificate | University of Denver

Bachelor of Science, Geology | Colorado Mesa University, Grand Junction, CO
